

Honeyfield's

WILD BIRD CHECK LIST... BIRDS, FOODS AND FEEDERS

Blackbirds

Love Worms, Fruit, Seeds and a cheeky Fat Ball

Perfect for ground feeding birds our Ground Feeder includes a water or treat bowl that sits in the middle. Also comes with a chain so can hang from your dining station or bird table!

Honeyfield's Fruity Feast is packed with energy and natural sweetness that your ground feeding birds will love.

Greenfinches, Bullfinches and Chaffinches

Sunflower Hearts, Berries and Suet will attract Finches

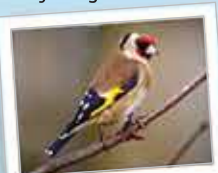

Honeyfield's High Energy has sunflower hearts and added suet making it the perfect mix to attract colour full bird into the garden, Nutri bombs will sit very pretty in this eye catching Heavy Duty Fat Ball Feeder... but not for long!

Goldfinches

Will flock to feed Nyjer Seed and Sunflower Hearts

Honeyfield's Nyjer Seed is best fed through a specially designed feeder, our Heavy Duty Nyjer Seed feeder has small 'slots' that birds will feed from with minimum seed loss. Ideally use our feeder tray so seeds don't go astray. The Heavy Duty Sunflower Heart feeder will brighten up any feeding time.

Robins

Loves Mealworms, Insects and Seeds

Honeyfield's Robin Food contains all the gardeners friend favourites. They will feed from a hanging feeder but do prefer ground feeders or tables.

House and Tree Sparrows

Loves Seed Mixes, Sunflower Hearts and Peanuts

Honeyfield's Wild Bird Food is an ideal mix to attract Sparrows and will flow perfectly in our Heavy Duty Feeder.

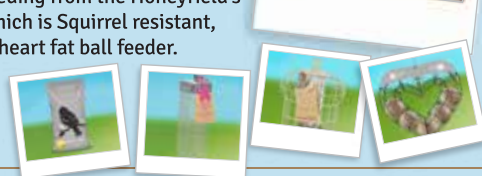

Honeyfield's Won't Grow wild bird food will not only suit Sparrows, but also the avid gardener... 'no more weeds!'

Blue Tits, Coal Tits and Great Tits

Enjoys Black Sunflowers, Insects and Fat Balls

Tits love to hang upside down and are very acrobatic when feeding, so clinging feeder such as a peanut feeder filled with **Honeyfield's Black Sunflowers** is ideal. Tits will love feeding from the Honeyfield's Suet Basket, which is Squirrel resistant, or Love Nature heart fat ball feeder.

Woodpeckers

Enjoys Insects, Peanuts and Loves Suet

Honeyfield's Peanuts are a big favourite. Feed through a Heavy Duty Peanut Feeder which has a stainless-steel mesh and a large handle for easy hanging. This Suet Basket can also be used for food scraps and nest building material. Woodpeckers however will love them filled with the Honeyfield's Suet Treats!

Wrens

Loves Insects and Mealworm Treats

The versatile ground feeder comes with a hanging chain and the water bowl makes an ideal treat bowl. Honeyfield's Premium Dining Station has 12 hangers and also a treat basket which is ideal for feeding **Honeyfield's Mealworms** to birds that aren't quite as confident on a feeder.
